MANAGING TRUSTEE'S MESSAGE

At this juncture, in the context of globalization and liberalization, when life is fast becoming a rat - race, the need of the hour is quality education with a humane face. The students should be well equipped to face the challenges of life in a world of cut throat competition. They should also be considerate enough to take care of those who fall by the way side.

With education care being of topmost priority in every teacher's mind, quality is not simply brought about, but imbibed and grown into. It would seem next such a school that dives deep and whole heartedly into activities varying from social and educational causes, to reaching out to the less fortunate and simultaneously maintaining an excellence in education with an extraordinary infra structural facility. Student parent welfare and counselling are taken care of . They are moulded into healthy citizens of the future. I am sure with all our sincere efforts, we will make another milestone of our institution.

Dr. Manimekalai Mohan
Managing Trustee

“ ON STRAIGHT ON

“On Straight On” is the motto of SSVM. This motto was chosen because the school stands for imparting knowledge to the students as well as engendering a good character which would prompt the students to march forward into the path of Truth & Simplicity. These two facets are foundation of an individual’s greatness.

We aim at making India proud and in painting a smile on the face of each parent. Education should be the biggest and the best adventure in child’s Life. At SSVM full encouragement is given for the students to achieve great honors and bag laurels for the almamater.

EDUCATION

- For human development
- For developing a holistic individual
- For preparing a committed citizen.

CURRICULUM

- To provide knowledge and promote psycho-motor skills.
- To develop logical thinking and scientific aptitude.
- To facilitate creativity, excellence and to cope with the development of science and technology.
- To appreciate, nurture, inculcate aesthetic sense, maintain health consciousness and hygiene.
- To strengthen value based approach to life and meet emerging standard global challenges.

SALIENT FEATURES

- Communicative approach to language teaching and updated information technology skills.
- Holistic development through co-scholastic school based evaluation and value education through an integrated curriculum approach.
- Vocational inputs with a variety of oriented courses.

MAJOR OBJECTIVES

- To foster academic excellence and encouraging goal setting in students.
- To provide all round development in the child which is necessary to translate knowledge gained into personal and social skills.
- To make our students leave a positive mark wherever they may be placed and carve a niche for themselves in the society.
- To include the right attitudes, values and etiquette in the children.
- To affiliate institutions for the purpose of examination and raise academic standard of the country.

QUALITY FOCUS PROGRAMME & ACADEMIC ASSESSMENT

It is Never Safe to look into the Future with Eyes of Fear

To maintain academic quality and standards, we have developed a programme called guidelines for each level. This helps in upgrading and designing educational programmes, so the learning process is more effective. The quality focus programme has made a significant contribution out of antiquity and bring it on par with best available globally. The medium of instruction is English, second and third languages offered are Tamil, Hindi, Sanskrit, French & Malayalam. A distinguishing feature of the School's assessment has been the attention and time devoted to writing reports and reviewing each child's progress regularly with the Principal which helps in identifying the strength and weakness by suggesting strategies for improvement. These reports and assessments reflect the character and nature of the classroom experience of every child, and provide a good basis for parent - teacher, student - teacher and parent - student relationship.

“

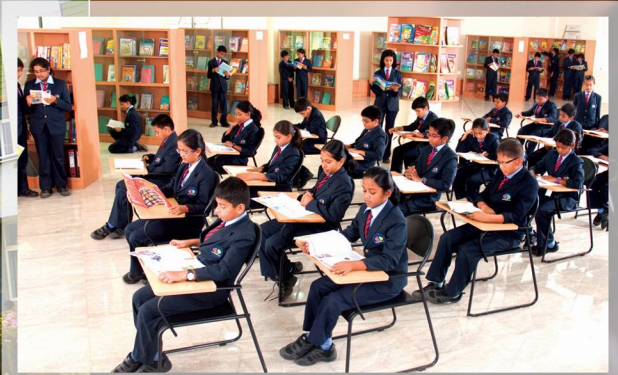

MISSION STATEMENT

To Impart knowledge that encompasses the prescribed syllabi as well as that of the world beyond the classroom.

To build and strengthen character that will not crumble when tested in the crucible of adulthood.

To provide opportunities for the development of leadership qualities that can be utilized in the future for the creation of better India, and that can hold its head high in the community of nations.

And most important, to give all glory for every breathing moment, to God the most High.

“

Education is not the learning but the **training of the mind to think.**

Our way of teaching is unique as we make our students to observe, think and analyze how, why and how things happen..

“ THE FACULTY

Moulding a child's mind requires the precision of a sculptor who works with a tiny chisel and huge hammer. Each right stroke adds a new dimension to the multi - faceted character of a child. SSVM has a well - experienced team of teachers who ensures all round development of the children. The teachers at SSVM patiently nurture the tender minds and cultivate a good soul in an able body. The duty of a staff member, does not end with teaching the child various lessons within the class-room but extends to tutoring, counselling and guiding sessions outside the class room. Children are encouraged to approach the staff members with their problem. This healthy interaction helps to maintain a good student teacher relationship.

THE EXPERIENCE COMES FIRST,
THEN THE CONCEPT
CREATES A “VESSEL” THAT THE CONCEPT “FILLS”

The background image shows two female students in school uniforms (dark blue blazers, light blue shirts, and red and blue striped ties) working in a laboratory. They are focused on a task involving a glass flask containing a purple liquid, which is held by a clamp on a wooden stand. The student on the right is holding the flask, while the student on the left is observing. The background is blurred, showing other students and laboratory equipment.

“ HOLISTIC DEVELOPMENT

The importance of co-curricular activities has been recognized the world over. By providing a stimulating milieu in the school, the students are encouraged to participate in arts to organize exhibitions, seminars and symposia, quiz contests and poetry recitation competitions. Various inter institutional competitions like Brain wave, Comonomics, Science Weeks and Maths Talent test are organised annually and the school also participates in competitions like Youth Parliament, MACFAIR and COFAS.

“

WE HEAL & INSPIRE

We are aware of the tremendous pressure that the modern student often bears. While the entire school environment is structured to reduce such pressure, some students may still require additional help. For this purpose, a care group of faculty members serve as counsellors. They are well trained to be sensitive to the individual needs of the student. Keeping in mind their cultural backgrounds and academic abilities, students are guided in career choices school adjustment difficulties, academic issues, interpersonal and emotional problems. Parental participation is encouraged at all levels. Guidance to parents on how to handle their children's problems and maximize their potential are also provided.

“

WE FACILITATE

Quality education is the mantra of the institution. Our School stands as the testimony to the fact that the healthy relationship between the management and teachers reflect in the overall performance and standard of the institution. The teachers are happy to involve themselves in innovative and creative teaching to inculcate joyful learning. Regular workshops are held for the teachers to raise their power in the class room. Personality development career orientation and lot more are conducted to make SSVM a “top of the world” School. A lot of emphasis is laid on negotiating the nebulous scenario by retaining the student-teacher bond and personal touch. Exchange of ideas between the management and teachers help the institution to be successful in its endeavour.

“
EFFICIENCY IS DOING
THE THING RIGHT

“
**GREAT MEN
ARE THEY WHO SEE THAT
THE SPIRITUAL IS STRONGER
THAN ANY MATERIAL FORCE**

CATCH THEM YOUNG

Driving by its mission of all-round child development, SSVM is constantly striving to build team spirit, sense of fair play and sportiveness to nurture sporting talent. Catch them young is our watch - word and we motivate children for constructive and competitive sports right from the entry into the school. Continuous ongoing opportunities are provided for the children to excel in various sports like Gymnastics, Tennis, Table tennis, Volley ball, Skating, Swimming, Shuttle cock, Badminton, etc, to build healthy bodies with the healthy mind on a regular basis.
